DOUBLE TRAGEDY IN WASHINGTON

Husband Kills Wife and Self Yesterday Afternoon Near Union Depot

WEDDED IN THIS CITY

Murderer and Suicide Former Gunner's Mate in the Navy—Woman Said to Have Dared Man to Shoot.

A woman and a man are dead at Casualty Hospital, Washington, the former murdered and the latter a suicide in a death-taking drama enacted on the east plaza before Union Station late yesterday afternoon while hundreds passed by.

According to witnsses, the woman had dared her husband to shoot.

The woman, police say, is Mrs. Anna Gertrude Roth, daughter of Thomas Purcell, of Fire Truck Co., No. 2, Georgetown, who lives at 1018 Twenty-sixth street northwest. She was employed as a saleswoman at Goldenberg's store where she was known as Mrs. Annie Gertrude Mitchell, a name she also was known by at her rooming place with Mrs. J. M. Oliver, 514 First street southeast.

The man who shot her, and instantly turned the gun on himself, was Frank Louis Roth, her husband, and ex-chief gunner's mate, U. S. navy, of Boston, Mass.

The theory for the shooting given most credence by the police was that Roth shot his wife rather than leave her under duress of an approaching divorce which both are said to have agreed upon yesterday afternoon in the office of James O'Shea, attorney.

The couple, according to Mr. O'Shea, visited his office yesterday afternoon at about 2:30 o'clock. Their affair with him was to arrange fo the cancellation of a military allotment to the wife. Both said he was going to reenlist and apply for a divorce when he arrived in Boston, whence he intended going. To this the wife is said to have acquiesced.

Mr. O'Shea further stated he knew Mrs. Roth for some time and he offered notes regarding her which he stated were given to him by her.

The police investigation shows that Mrs. Mitchell was divorced from Oliver Mitchell in 1915. In December of the same year she was married to Roth in Alexandria. A child by Mrs. Mitchell's first marriage died last May.

IN MEMORIAM

In sad but loving remembrance of our beloved granddaughter, Louise Mason, who died one year ago today, October 18, 1918.

In the graveyard quietly sleeping
Where the flowers gently wave,
Lies the one we loved so dearly
In her sad and lonely grave.
We often sit and think of her,
When we are all alone,
For memory is the only thing
That grief can call its own.

By her devoted grandmother, Mrs. Geo. E. Sutton and family.
249-1p.

In sad but loving remembrance of our dear daughter, Louise Alma Mason, who died one year ago today, October 18, 1918.

In the lonely graveyard
Where the trees gently wave
She is gone, but was so young and fair,
Lies the one loved so dearly
And tried so hard to save.
She slumbers sweet and knows no care,
Her heart was true, her life was young,
Yet not our will, but God's be done.
Her face our minds will always see,
Forgotten she will never be.

By her devoted father and mother.

SENATOR WILLIAMS DOZES

Walsh Directs Attention to Rambling Talk of Mississippi Man.

Senator Penrose, of Pennsylvania, made a protest in the Senate yesterday against having his seat occupied by Senator John Sharp Williams, of Mississippi, either as a place from which to make speeches or as a place to sleep.

It was from Senator Penrose's desk Thursday that Senator Williams delivered the bitter speech attacking the Irish race. When he entered the Senate yesterday morning, he crossed over from the Democratic side and again seated himself at Senator Penrose's desk, and went to sleep. This action aroused Senator Penrose to make a protest.

The Pennsylvania Senator sent to President pro tem Cummins, who was in the chair, a note stating that he intended to rise to a question of personal privilege and state his objections to having the Mississippian occupy his seat. The reason, as stated in the note, was that all the visitors in the gallery were provided with charts, according to which they would be informed that "he sleeping Senator in the third seat from the aisle on the front row is Senator Penrose," and to the imparting of this misinformation Senator Penrose felt moved to object

Senator Cummins read the note and tore it up with a smile. Shortly aferwards, Senator Harrison, Williams' colleague, woke the Mississippian up and they left the chamber together.

So Penrose was saved from making his speech of protest.

The speech delivered by Senator Williams Thursday did not appear in the Congressional Record this morning. It was stated that it had been held out for revision by the Senator himself. The committee on printing obtained from the official stenographer an unrevised transcrit of the seech, which it will hold for future reference

The following comment upon the speech was made yesterday by Senator David I. Walsh, Democrat, of Massachusetts:

'In view of the obvious condition of Senator Williams when he made his incoherent and rambling speech attacking the Irish in America, I do not believe an answer to be necessary Other Senators who wished to answer him agree with me in this viewpoint. The speech did not appear in yesterday's Congressional Record. Mr. Williams was again on the Republican side, dozing in the chair assigned to Senator Penrose."

SPECIALIST CALLED FOR CONSULTATION

Prostatic Trouble Retards President Wilson's Improvement

OPERATION IS LIKELY

Swelling of Gland Which Caused Patient so Much Restlessness Returns and Produces Irritation.

While President Wilson was feeling well yesterday his physician said the prostatic condition from which he had been suffering for several days was checking the general improvement of the last two weeks.

The doctors issued the following bulletin:

"12.25 p. m., White House, October 17, 1919.

"The President passed a comfortable night and is feeling well this morning. His temperature, pulse and prostatic condition is not a ssatisfactory as yesterday and is checking general improvement of the last two weeks."

Dr. Grayson announced that he had called in Dr. Hugh H. Young, of Johns Hopkins Hospital, Baltimore, one of the foremost specialists in the country on prostatic troubles. During the morning the President was treated by Dr. Fowler, a Washington specialist, who was called in when the President first suffered this complication several days ago.

Dr. Young will make a thorough examination of the swelling of the prostate gland to determine whether an operation is necessary, Dr. Grayson said.

The physician said the swelling of the prostate gland, from which the President had been free all day Thursday and the night before, returned in the early hours yesterday morning and caused some irritation.

While the trouble might be only minor in character, Dr. Grayson said, there was no doubt that it had retarded somewhat the progress the President had been making toward recovery.

Irritation accompanying the swelling of the prostate gland, he explained, was calculated to affect the nervous condition of the patient.

RALLY DAY IN SCHOOLS

Following Procession Song Fest in Christ Church Yard—Movies Will be Taken of Pageant.

All is in readiness for the Sunday School parade which will start at 3 o'clock tomorrow afternoon from the corner of Prince and Fairfax streets. It is expected that more than 2,000 students will participate representing the various Protestant Sunday Schools of the city.

The order of the parade will be as follows:

Detail of city police, Church and United States flags, chief marshal, Elliott F. Hoffman, Camp Humphreys band, Del Ray Methodist, Del Ray Baptist, Salvation Army, Second Presbyterian and Payne Street Mission, Christ Episcopal, Second Baptist, Trinity Methodist, First Baptist, Methodist Protestant, Methodist Episcopal South.

St. Paul's Episcopal will not participate in the parade as a mark of respect owing to the recent death of the rector's wife.

The line of march will be as follows North on Fairfax to Cameron, west on Cameron to Washington, north on Washington to Wythe, countermarch on Washington to Christ Church yard where a "sing" will be held.

When the band reaches Oronoco street it will fall out and will play at that point while the various schools are marching and countermarching. The band will fall in line behind the last school and march to the churchyard to play at the song fest.

The churchyard will be closed to the general public until all of the schools have entered.

The schools will enter the yard by the Washington and Columbus streets gates, alternating so as to relieve any possible congestion. Leaflets containing hymns to be sung will be distributed to the schools and the public at these entrances.

The sing will be conducted by E. B. Chamberlan of the Virginia State Y. M. C. A., who will visit the following schools in the morning. Christ, 9:30 to 9:45; Methodist Protestant, 9.50 to 10.05; First Baptist 10.10 to 10.25; Methodist Episcopal South, 10.30.

Al lpastors, association officer and superintendents of schools will meet promptly at the intersection of Prince and Fairfax streets at 2.45 o'clock The moving pictures of the parade will be exhibited first to the various schools, then the reels will be released to the Alexandria moving picture houses, then to the state and finally to moving picture houses elsewhere.

The band concert at the corner of Washington and Oronoco streets, while the parade is passing, will be a new feature. A noteworthy attraction will be the banners and in order to catch the spirit of the parade they should be noted.

Rally day will be held in many of the schools inthe morning and in the morning session at many will be the teaching of the particular commandment which the schools are to represent.

The "Cradle Roll" will be of interest baby carriages only being allowed.

Members of the various Bible Classes are much interested and the Home Department will be represented. It is expected that each and every pastor will, with the superintendent lead his school.

PEACE COMPACT WILL GO THROUGH

Efforts to Kill Pact Through Amendments Doomed to Failure

REVOLT FOILS PLAN

Last of Fall Amendments Defeated Without Roll Call—Final Vote Expected Late This Month.

Washington, Oct. 18.—It seems evident that the long and wearisome fight over the treaty of peace is about to enter upon its final stage and that the opposition which had hoped to defeat that measure by amendment, thereby escaping the responsibility for direct rejection, is prepared to surrender, in so fas as textual changes are concerned.

This was demonstrated further late yesterday afternoon, when the last of the Fall amendments, designed to curtail the power of the American representative on the Reparations Commission, were voted down by the Senate. There was no roll call on either of the two amendments, their supporters conceding their defeat and not asking for the ayes and noes.

Thursday's vote on the Shantung amendment was not merely a disappointment to Lodge-Borah Johnson leadership—it was a distinct shock. Moreover, it was a good deal of a surprise to the treaty forces themselves. It can be stated authoritatively that Senator Hitchcock himself had scarcely hoped for less than 4 votes in favor of the treaty, where as 35 was the most that the Foreign Relations Committeemen could muster.

The significance of the situation is that there is a powerful revolt on the part of Republican Senators against any modifications of the text of the treaty. This revolt has such strength now twice demonstrated, that it will in all likelihood defeat the Johnson amendment and all others that may be offered. In fact, there was not a Republican leader yesterday who in private conversation expressed more than perfunctory hope that the amendment would carry.

Every Senator knows that even the slightest textual change in this treaty means its recommitment to the Peace Conference—a conference which has practically dissolved and which will have completely dissolved in a few more weeks. Every one knows that to reassemble that conference, to redraft the treaty, to re-submit to the Germans, will take months, even if the other belligerent powers offer no serious objections to the changes proposed by the Senate.

Every Senator knows that the longer the consummation of peace is postponed the more disturbed domestic industry will become, the more riotuous radical labor will be, the greater will be the confusion and the demoralization of American business.

THE HOUSING PROBLEM

The Gazette has on several occasions recently directed attention to the fact that if Alexandria intends to keep up with the procession in the matter of furnishing housing accommodations to the many new comers to the city, together for many who in a short time will turn their steps to our city, it is time we were getting a move upon ourselves.

Suitable houses have been in active demand during the past two years, and this demand is becoming more actute all the time.

Strolls in nearly every section of Alexandria show that many vacant spaces are given over to weeds, in some cases extending over a half a square's space. Various reasons are given for the apathy prevailing among those in positions to aid in augmenting our accommodations. The present price of building material, as well as the big cost of labor are generally urged for the absence of the building spirit. But the fact is a staring us in the face all the time that building booms are in evidence in parts of Alexandria county adjoining this city. Those engaged in these enterprises are confronted with the same conditions which face our city. Besides it should be remembered that even if material and labor are at high water marks, rents charged in many cases in Alexandria are commensurate with the high cost of everything else.

The idle ground in our city is a sad commentary, and it is hoped that the immediate need of dwellings will cause an instant awakening, and that suitable accommodations will be ready for any whose avocations will soon make them parts of our community.

HOLDS PARENT RESPONSIBLE.

Judge Dey, of the Juvenile and Domestic Relations Court of Norfolk, has established a new precedent, so far as Norfolk is concerned, in imposing fines on parents for the unlawful acts of minor children. Wednesday he imposed a fine of $25 and costs on William Linn, Sr., whose son, William Linn, Jr., 15 years old, was arrested on a charge of involuntary manslaughter.

The young Linn, in addition to being accused of recklessly driving an automobile and violating the speed ordinance, was charged with causing the death of Francis Bush Creekmore, who was instantly killed when Linn's automobile, in which young Creekmore was riding, was turned over. The charges of reckless driving and speeding were dismissed by Justice Dey, and judgment suspended in the manslaughter case on condition that young Linn not drive an automobile again for two years.

The father was fined for contributory negligence for allowing his 15 year old son to drive a car.

Several years a boy who was charged with carrying a cat rifle and discharging the same in the streets was brought before Judge Crutchfield in Richmond. Upon ascertairing that the father purchased the dangerous toy for his son, the judge imposed a fine of ten dollars upon the parent, the court holding him responsible.

Hardly a week passes without youngsters being arraigned in the Police Court of Alexandria. They are charged with misdemeanors of various kinds. In some cases the evidence shows that the boys have been encouraged in their acts by their parents. Such have on several occasions been told that they can be held accountable for the acts of their offspring, and the decision of Judge Crutchfield is occasionally referred to. The action of Judge Dey shows that the opinion of the Richmond Police Court judge is entertained elsewhere.

THE DINOTHERIUM OF THE APOCALYPSE

The word dinotherium means the terrible beast, and is applied to the skeleton of a creature long since extinct which has been found in different parts of the earth. A huge specimen as it existed in the flesh was discovered many years ago embedded in an iceberg in the arctic regions. When the berg melted hundreds of polar bears and wolves gathered and it was dangerous for men to draw near until these animals had finished their feast. When the fierce brutes finally retired nothing save the skeleton remained, and this is now in the British Museum.

In the thirteenth chapter of the Apocalyse (book of Revelation) the writer in his symbolic language tells of what he in the original Greek tongue of the New Testament terms a "therios" (a wild untamable animal translated "beast" in our Bible) which will tread down civilization in the latter days, assume all power and which the genus homo will be forced to worship under the pain of death.

We are further told that this terrible nondescript will bear a mysterious number (666) which has been a Chinese puzzle to Bible readers for centuries. We are also told that no one will be allowed to buy or sell who is not stamped with this mysterious number. Do we see anything like this in the world at present?

It has been said that none but self-styled evangelists and negro preachers attempt to cast light on the Apocalypse, but we have always regarded this observation as unjust. The Book of the Revelation was written to be read and studied as much so as any other portion of holy writ.

We admit that many men of good intentions have attempted to untie this Gordian knot, while equally as many others have cut it. Some have supposed that this "therios" means Nero, others Mahomet and some have strangely supposed that it is a picture of the Papacy.

Such "explanations" have long since been cast aside by studious persons, and those who have given most thought to the picture are convinced that it refers to something in the future which will prove a greater menace to the peace of the world than any human scourge who has yet appeared on the planet, the ex-Kaiser not excepted.

The question is pertinent. Is the antityonic form of the "therios" in evidence in our day? What is so-called Islam, syndalism, Bolshevism, I. W. Wism and the large percentage of radicalism in labor's ranks today, in a composite form, but a "therios" a wild and untamable beast—which may devastate the earth? Is it to head up in our day in all these elements?

Thousands of conservative and good men are members of labor organizations. Such have no sympathy for the I. W. Ws. or the ravings of radical members of their own organizations. But, to use a significant word of Gypsy Smith's, listen: the Girondists of France were not regicides: They merely wanted a constitutional government and would have been satisfied with Louis XVI. They were later unheard by the Jacobins and thousands beheaded. It is unnecessary to tell of the reign of terror which subsequently disgraced the country.

The I. W. Ws., the syndalists and radicals are the Jacobins of our era. Will they be allowed to thrust aside the conservative working man and mount the saddle? In the words of the seer of Patmos, "If any man hath an ear to hear, let him hear."

NO AMENDMENTS TO TREATY

The vote of the Senate on the Shantung amendment makes it clear that all other attempts to alter textually any portion of the Peace Treaty will fail.

England, France and Italy have ratified, and Germany has been forced to. The moment these ratifications are exchanged in Paris, that moment the Treaty becomes binding on Germany and goes into operation, not with the United States, to be sure, but with the ratifying nations. For any Senator to expect that a Treaty actually ratified and in operation could be recalled and revised is to have a rather vivid imagination.

Having discovered their inability to defeat the Treaty, may we not hope that its opponents will now kindly permit a final vote to be taken and content themselves with reasonable "reservations" defining the position of the United States?—(Philadelphia Inquirer.

GARY QUITS CONFAB TO RETURN TO NEW YORK

New York, Oct. 18.—Judge Elbert H. Gary, head of the United States Steel Corporation and one of the delegates representing the public in President Wilson's Industrial Conference, returned to New York today from Washington.

Judge Gary was met at the Pennsylvania station by representatives from his office and reporters. He declined to state whether he had "bolted the Industrial Conference or whether he would return to Washington.

PARLEY MORE HARMONIOUS

Capital Group Presents Resolution That Is Cut Through Labor's Demands

Washington, Oct. 18.—The National Industrial Conference, after a day of debate which brought no agreement on the recognition of the rights of workers to bargain collectively, voted to return resolutions embodying such recognition to the conference's general committee.

The introduction of a resolution by the capital group giving its views as to the right of collective bargaining brought a spirit of conciliation in the conference.

L. E. Sheppard, head of the Railway Conductors' Brotherhood, said he saw in the resolution a sincere effort at a closer co-operation between capital and labor in the meeting and declared that in his opinion the gathering was "just getting down to business."

Announcing that the impatience manifested by the labor group Thursday had now given way to a willingness to wait any reasonable length of time, Mr. Sheppard said his group saw every prospect of a harmonious adjustment of the differences existing between the right and left wings of the conference as a result of the employers resolution.

The resolution was understood to outline the utmost concessions which the capital group was prepared to make. J. W. O'Leary, of Chicago, a member of the group, told the conference no one knew better than the employer the value of co-operation with the workers in securing productive efficiency. He added, however, that any agreement entering the relations of the two must be arrived at with a "clear understanding," repeating former protests against "the purpose of any specific issue."

"We never denied the right of organization and of collective bargaining, as we understood that term," said he.

Affirming his faith in the stability of the American people, Mr. O'Leary objected to repeated talk of the danger of revolution and of radical action, which, he said, added fuel to the flame.

"My faith is in the Government of the United States and not in the employers, employes or the public alone," he said.

TO FLY OVER OCEAN

Celestine Usuelli Plans Flight From Rome to South America

Rome, Oct. 18.—Celestine Usuelli, one of the pioneers of aviation in Italy, claims to have invented a new dirigible 380 yards long and 80 yards wide and provided with six motors of 500 horsepower each, with which he intends to fly from Rome to South America, stopping at Dakar, West Africa.

The dirigible, it is claimed by Signor Usuelli, is capable of transporting a weight of 20 tons and can attain a speed of 45 miles an hour with two motors and 72 miles an hour with all six motors working. Using one motor alone, it is said, the dirigible can navigate for six days and cover more than 5000 miles.

Signor Usuelli asserts the dirigible is so constructed that it can weather a storm at sea.

Signor Usuelli expects it will take six days to fly from Rome to South Aemrica. He will make a trial flight the early part of November.

COST OF DELAY

Delaying Signing of Peace Treaty Imperiling Lives of Millions

New York, Oct. 18.—Delay in signing the peace treaty and accepting the league of nations is imperiling the lives of millions of Turks, Greeks, Arabs and Armenians, according to Dr. Stanley White, secretary of the Board of Foreign Missions of the Presbyterian Church.

Dr. White has just returned from Syria and Turesky as a member of teh commission for the American Committee for Relief in the Near East.

"The present situation in the Near East is one of the most sensitive and complicated imaginable. All the different governments are claiming a share in the division of the Turkish empire.

"America, alone, can serve these peoples disinterestdly. Thy know it and would welcome her aid.

"If the league is not all that we should like it to be let us sign the treaty, now and leave it for adjustment later.

"Every citizen should press Congress to pass the treaty without further delay. Delay means disaster."

DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twings. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this.

William Dawson, blacksmith, 806 Duke street, Alexandria says: "Before I started using Doan's Kidney Pills I had rubbed my back with liniments and taken different remedies without any relief. My back got so weak and sore I could hardly pick up anything and I had to take hold of something to help me straighten up. Mornings my back felt as though it were broken. Sharp, shooting pains would catch me, and I got so I though thought I would have to give up. Finally, through the recommendation of a friend, I used Doan's Kidney Pills, which I bought at Summers' Drug Store. Doan's soon convinced me they were the remedy I needed, and before long my back felt so strong I could shoe horses all day and not feel it bit worse for the strain." (Above statement given April 13, 1915).

U. S. MINES GOT 10 U-BOATS

Admiral Strauss Pays Tribute to Men Who Laid Barrier

New York, Oct. 18.—At least 10 German submarines were destroyed by the barrier of 57,000 mines laid in the North Sea by the American Navy, Rear-Admiral Joseph Strauss said yesterday on his arrival here on the steamship Adriatic. Admiral Strauss, who had charge of the work of sweeping up the mines, said that 22,000 of them had been picked up intact.

"The highest praise is due to the men of the navy who were engaged in the most hazardous and trying task of planting and sweeping these mines," Admiral Strauss said. "Of the 80 ships engaged in this work only one met with an accident.

"We know that the mine barrage was effective in stoping the submarines. We also know that at least 10 U-boats were destroyed by it. In our sweeping operations we discovered four of the craft sunk where they had come into contact with the mines."

Lefevre expects to reach New Orleans by December 1 and return home by rail in time for the trapping season.

"Sky Pilot" Passes Lieut Smith, West Bound, Over Ohio.

Chicago, Oct., 18.—Lieut. Belvin W. Maynard and Capt. Lowell H. Smith, leading contestants in the cost coast to coast air derby, passed each other yesterday evening flying across the State of Ohio.

Capt. Smith, westbound, reached Chicago at 5.22.40 this evening, and was the guest of the Hamilton Club overnight. A silver plate, dedicated to Capt. Smith as the first man to fly from San Francisco to Chicago, was presented to the intrepid flyer by a committee representing the Hamilton Club.

Capt. Smith arrived in the machine that carried Maj. Spatz from the Pacific Coast to Mineola and back to Buffalo. His own machine was destroyed by fire. Asked how it came that Maj. Spatz turned over his machine to him, Capt. Smith said:

"I talked him out of it."

Maj. Spatz is returning to the coast by train. Lieut. Maynard, eastbound reached Chicago at 1.59.57, and left for Bryan, Ohio, determined to push on from that place to Cleveland.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-efects, it has won the praise of thousands of people who have used it.

FATE OF TURKEY

Rests Largely With United States Says Lloyd George

London, Oct. 18.—In his speech at Sheffield Thursday night, Prime Minister Lloyd George attributed the delay in the conclusion of the Peace Treaty with Turkey to the uncertainty as to the attitude of the United States. It was impossible, he said, to settle the destiny of Turkey before knowing whether the United States was going to share the burdens of civilization outside of the United States.

During his reference to Turkey Mr. Lloyd George turned to American Ambassador Davis, who was present and said.

"I am glad that you are brought face to face with the American Ambassador. We are undertaking a great civilizing duty at great cost to our country. Providence has sent this mission to our race. We beg our kith and kin in America to join us in this task. Unless they do so I do not know what will happen to parts of the Turkish Empire."

The Prime Minister in a further reference to Turkey said.

"The people of Turkey have been living in the shadow of a great tyranny for centuries. They are appealing to America for help. I hope that the appeal will not be in vain. Such a remark might sound impertinent from a British Minister but we are undertaking similar responsibilities ourselves and find that we are coming to the limit of our strength and that it is unwise for us to go further."

SOVIET RULE NEAR FALL

Petrograd Reported Taken and Russian Bolshevism Makes Final Stand.

Washington, Oct. 18.—The general situation in Russia, as far as the allied nations are concerned, was said to be better yesterday than at any other time perhaps in the past year. Confronted on all sides by hostile forces, the Bolsheviki regime faces a serious period and possibly collapse.

The State Department received several advices reporting the fall of Petrograd, but none of them was official. Assistant Secretary of State Breckinridge Long announced the receipt of a dispatch through Swedish channels reporting the capture of both Petrograd and Kronstadt from the Bolsheviki, and later in the day another report from Finnish sources declaring that anti Bolsheviki forces had taken Gatschina, which is thirty-five miles from Petrograd on the main line to Berlin. This report also said the fall of Petrograd was imminent.

Tested 250,000 Miles Three-Point Cantilever Springs Greatest Improvement Since Pneumatic Tires

OVERLAND 4 has been put through the most thorough and severe test possible.

250,000 miles of mountain trails, desert sand, heat, cold, mud and dust, demonstrated the quality of every part of the car long before we began manufacturing.

This remarkable test showed conclusively that Three-Point Cantilever Springs, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

They protect the car from road shocks and prolong the life of every part.

They enable the wheels to hold better to the road. They give greater comfort under all road conditions.

They do away almost entirely with side sway and rebound which twist and rack the car.

Diagonal attachment of the Three-Point Springs at both ends of a 130-inch Springbase gives the steadiness and smooth riding of the heavy car of long wheelbase.

Equipment is complete from Auto-Lite Starting and Lighting System to Marshall Divan Spring Upholstery.

BANK ROBBERS GET $7,000

Auto Gang Shoots Policeman, Who Also Wounds Thief

Roselle, N. J., Oct. 18.—Seven men traveling in a large touring car robbed the First National Bank of Roselle yesterday, shot a policeman in a duel, in which one of the robbers also was wounded, and escaped with about $7,000.

The car in which the men escaped bore the license number 52,904, and is said to have been stolen in Elizabeth two hours prior to the burglary.

The men drove up to the bank at 1:30 p. m. Two remained in the car, the other five entered the bank with drawn revolvers and lined up every one in the building against the wall. One of the bank employes sounded a police alarm and Sergeant Keenan answered the call.

As the sergeant stepped into the bank one of the robbers struck at him with a club and, as he dodged the blow, a second fired, wounding him in the breast. Although seriously wounded, Keenan returned the fire and wounded one of the robbers, who was carried away by his companions.

DIVORCE CANON UPHELD

Effort to Prevent Remarriage of Either Party Killed by Clerics And Laymen

Detroit, Oct. 18.—Through action of the laymen of the Protestant Episcopal Church in the 1916 general convention, sustained by both clerical and lay delegates yesterday, the innocent party to a divorce may be re-wedded in the church. Amendment to the canons to prevent remarriage by an Episcopal priest of a person who has a divorced husband or wife living was defeated despite desperate efforts by many of the clergy and a few of the laity to secure its adoption. Both orders registered a majority against the amendment.

Demands of several delegates who favored the amendment that the church unqualifiedly declare against divorce and re-marriage brought a prolonged argument on the question.

EDUUCATOR'S WIFE ENDS LIFE

Mrs. Mary C. Webb's Husband is Head of Randolph-Macon

Lynchburg, Va., Oct. 18.—Mrs. Mary Webb, 46 years old, wife of Dr William A. Webb, president of Randolph Macon Woman's College, Committed suicide yesterday in the residence of the president, near that college, by taking carbolic acid. She was dead when she wa sfound by her brother, Dr. W. F. Clary, who had just been discharged from the army and came here to see her.

Dr Clary, a resiedmt of Memphis Tenn., arrived late Thursday night and went to a hotel in order not to disturb his sister. Sleeping late yesterday, he went to her home, by which time the servants had discovered that something was wrong. He went to her home and discovered her unconscious.

Mrs. Webb's condition is thought to have resulted from anxiety over the condition of Dr. Webb, who has been in California for several months recuperating from a nervous breakdown in the early summer.

SENTENCED FOR HOARDING

Department of Jrstice Imposes Jail Sentences and Heavy Fines

Washington, Oct. 18.—The first convictions with the imposition of jail sentences for hoarding foodstuffs since the government began its campaign to extirpate profiteering have been announced this week by the department of justice. One offender was sentenced to three months in the county jail and fined $250 for hoarding flour. A second was sentenced to five months and fined $5,000 for hoarding sugar. The cases were reported from San Diego, Calif.

Richmond, Oct. 18.—Merchants who compel their customers to purchase a certain amount of goods before they secure a pound of sugar are said to be among those whose activities are being investigated by the special grand jury of the Husting Court impaneled to look into the price fixing as defined in the anti-trust law. Attorneys who have examined the statute say this way of selling merchandises is contrary to the law and it may be that this belief will soon be tested in court. Many Richmond housewives, it is said, have faced the necessity of buying a stated amount of other goods as a condition for securing sugar.

REDS KILL 23,632 IN RIGA

Elegantly Dressed Girls Volunteer as Executioners

Prof. Guido Schneider, of Riga, in a lecture at Stockholm yesterday, stated that the Bolsheviki shot 23,632 men, women and children in Riga.

The executioners, intoxicated and unable to aim straight, wounded their victims time and again, laughing at their agonies, which sometimes lasted a whole day and night, he said. Young girls, elegantly dressed, volunteered as executioners and, promenading up and down with rifles, fired at the prisoners.

HELD UNDER MANN ACT

Charles Walker, of Danville, Va., Arrested on Woman's Testimony.

Danville, Va., Oct. 18.—Charles Walker will be given today a preliminary hearing before United States Commissioner Meade R. Flynn charged with violating the Mann Federal statute. He is in jail in default of $1,000 bond.

The story related by Mrs. Thos. Elliott in an affidavit made before the Commissioner resulted in Walker's arrest. In company with a "Mrs. Abbott" she admits going to Milton, N. C., with Walker and Basil Walton Over the State line a "party" wa sheld, and the woman testifies that when she came to her senses she was in the heart of Pittsylvania county on the Virginia side, alone in a house with Walker.

After remaining there a day, she says, they returned to Milton, N. C., where they were suddenly surprised by her husband, Thomas Elliott, who entered the room with a drawn shotgun. He fired twice, the woman says, but she plunged through a window to safety and Walker escaped unhurt by the door. They lived in a cabin in the woods for two days and finally made their way to Norfolk, where they put as sister and brother in the Southland Hotel. Walker, she avers compelled her to provide money for their upkeep. Frightened by the persistence of the hotel detecive, the couple went to Richmond, where they took rooms in Stumpfs Hotel, remaining there several days. She says she secured a lucrative position in Richmond and finally quarreled with Walker in Capitol Square and left him for good. She did not see Walker again until he was under arrest here. Elliott initiated the proceedings by lodging official complaint against Walker with the Federal authorities.

SINN FEIN MEETS

De Valera Re-Elected President, Griffiths, Vice President at Forbidden Session

Dublin, Oct. 18.—In the dead of night—from midnight to 3 o'clock yesterday morning—the executive council of the Sinn Fein organization held its convention, outwitting the government and troops which has forbidden the gathering scheduled for Saturday. With the utmost smoothness and rapidity, and all proceedings being carried on in whispers, the organization completed all its business.

Eamonn de Valera was re-elected president of the organization. Arthur Griffiths, generally looked on as "the power behind the throne," in the councils of the Sinn Fein, was elected vice president. He issued a statement in which he said:

"The Sinn Fein is not a political party, but the Irish nation."

The Secret of a Superlative Tire

The whole question of a super-tire is a matter of principles. For there is nothing exclusive in the industry. No patents, no secret formulas prevent a conscientious maker from building the best.

But cost and competition modify ideals. The Brunswick idea is to pay perfection's price and get it.

That has been the Brunswick policy since 1845. And it accounts for the growing preference for Brunswick Tires. Motorists expect the utmost from a tire bearing the name of Brunswick—and get it.

You, too, will be convinced by your first Brunswick, that here is an extraordinary tire, and that more money cannot buy a better.

Better tires of their type are impossible—or better tubes. That we guarantee.

Try ONE Brunswick—learn how it excels.

JOHN W. WILLIAMS,
Clerk House of Delegates of Virginia.

HAS SERVED ALL PRESIDENTS FROM GRANT TO ROOSEVELT

Lord high cup bearers and lord high stewards to "his majesty the king," have little more experience in attending personages of high birth and breeding than John J. Miles negro head waiter at the Hotel Dempsey, aged 64, and known from coast to coast—either by name or face—to tourists and patrons of the best hostelries. He has served all the presidents of the United States from Ulysses S. Grant to the late Theodore Roosevelt, with the one exception of President Garfield. He has served princes, dukes, earls, lords and counts of varying rank. His favorites among all the great men he has served with food are the late Presidents Grover Cleveland and William McKinley. He recalls having served Prince Henry, of Prussia, during his tour of the United States some twenty years ago. All of these personages Miles waited upon in the Hotel Plankinton, Milwaukee, Wis.

Starting his career as a hotel waiter in the old Alexandria hotel, Alexandria, Va., Miles has held head waiter's place in ten large hotels and clubs in the United States and now holds his eleventh place as head waiter at Hotel Dempsey. He treasures letters of recommendation from every one of the ten employers, all of which attest he knows how to "wait." Every little detail of the caterer's art he has mastered to a point of elegance, and he schools the waiters under him in these things. His eye catches every dish as it comes from the kitchen, every napkin or spoon that falls to the floor, and the absence of any detail a waiter might have neglected. After the lunch hour is over, Miles gathers the waiters together and gives them a mild talk upon the event of the day. Charles A. Gonder, manager of the Dempsey, says that besides being instructive, the talk is interesting.

His Eye Catches Details

A dish was brought into the dining room which lacked the proper garnishment. Miles' eye fell upon it from a distance and he stopped the waiter with a nod and a look. "Take that back to the chef," he said in a polite tone, "and get the chef's approval on the way it is garnished." The dish was returned in proper style for serving.

A napkin dropped from the table and a waiter picked it up and put it back in its original place. Miles' temperament for proper serving suffered a severe shock. That afternoon he lined all the waiters up and lectured them on that incident.

"When anything drops from a table," he said, "it is soiled. Never put it back. Get another in its place.

"Another thing. I saw one of you take a pitcher of cream which had been left by a guest and use it at your meal. That is not right. The manager of this hotel will feed you. A pitcher of left over cream is a small thing, but it is the small things that count. If you take a small thing you will begin later taking other things—then you'll be in trouble."

Miles has the features of a thinker, a keen brown eye and a high, bold head. He used good English, speaks softly and distinctly. Many head waiters slap their hands or make a noise with a metal card to attract attention of waiters under them. Miles never permits himself to do these things. He argues that noises of that kind distract the guests from enjoyment of their meals. He signals his waiters with a look and a nod, trains them to watch him, and after once he has trained a waiter to his liking he keeps that waiter employed as long as he wishes to stay and do his duty. He has a son whom he trained now holding head waiter's place at the Nonses hotel, Corpus Christi, Texas. Many other negro head waiters in large eastern hotels received their training from Miles.

He Liked Cleveland Best

"Which of the presidents you have served did you like the best?" Miles was asked.

"President Cleveland," he replied. "I liked him because he was so frank about everything. I liked President McKinley next because he was so fair and square and such an all-round good man."

Miles is worth about $40,000—money which he has saved during the past twenty years. He owns land in St. Cloud, Fla., Batavia and Chicago, Ill., and some Oklahoma oil land. He declares that he never been an advocate of tipping, especially of the waiter using tricks and mannerism to elicit tips. He does not deny that he has accepted tips, but says they were forthcoming without any subtle solicitation from him. He gained tips by serving well and pleasing and saved money because he has omitted the gambling habit and lived temperately, he says.

Among the recommendations treasured by the old negro is one signed by Jeremiah Quinn, manager of the Plankinton hotel, which shows that Miles was head waiter there for thirty years and during that time missed only two days. Other letters which praise the service of Miles are from the Dallas club, Dallas, Tex.; Jefferson hotel, Peoria, Ill.; Gunter hotel, San Antonio, Tex.; Sam Carlos hotel, Pensacola, Fla., and the Savery hotel Des Moines, Iowa.—Macon (Ga.) STRIKE MAY BE AVERTED

Operators Willing to Resume Negotiations With Miners

The coal operators are willing to resume negotiations with the miners to avert the strike of 450,000 miners which has been called for November 1 in the bituminous regions of the Middle West.

Their willingness was voiced yesterday by Thomas T. Brewster, chairman of the coal operators of the Central Competitive Coal Field, the district involved in the threatened strike in a conference with Secretary of Labor Wilson and John L. Lewis, president of the United Mine Workers.

The respective heads of the two organizations were called together by Secretary Wilson in a final effort to prevent the strike. Their conference lasted throughout the day.

Chairman Brewester, however, made the agreement of the operators to arbitrate further contingent upon the following conditions.

The miners must indicate their willingness to carry out the provisions of the so-called Washington wage agreement which was made during the war. This agreement has until March 1, 1920 to run, but the miners had

THEATRES

GRAND THEATRE

How often a trifle, too unimportant to be considered in ordinary moments, looms gigantic upon the horizon of an anger-clouded brain. Old Man Loring, one of the earliest settlers to take up residence in the grazing country of Texas, became a great friend of the Corliss brothers, John and Billy. But when the numbers of cattle and sheep increased to alarming proportions it was found necessary to designate the Concho River as a dividing line. Then the sheepman, forgetful of the ties of friendship, and thinking only of his restricted liberty, started a feud that was destined to become more and more deadly as the years wore on. And this day, when he discovered that one of his sheep had been killed by a trouble loving employe of Corliss, the old man swore that the life of his enemy should be the forfeit. Then began the puzzling complications and unusual situations which make "The Unbroken Promise," a picture that will linger long in the memories of the patrons of the Grand Theatre. Also Texas Guinan in "Girl of Hell's Abony."

INGOMAR THEATRE

"Oh, Johnny!" is a delightful human play replete with moments of suspense and alive with humorous incidents. It is confidently predicted that Louis Bennison will not only make an instantaneous hit, but that he will cause photoplay enthusiasts to clamor for his next appearance.

NAVIGATION OF THE AIR

Perfects Poly Plane Capable of Flying 1,000 Miles and Carrying 80 People

Paris, Oct. 18.—A mammoth poly plane capable of long, non-stop trips of at least 1,000 miles and of carrying eighty passengers in addition to baggage is now being built in Rome and is expected to make a trial journey to London before the end of this month. Great secrecy surrounds the plans and construction of this new model which is to be propelled by nine motors of 225 horse power each distributed on four planes.

The name of the inventor is kept secret, but it is known that he is one of Italy's foremost aces.

The construction of the new type of aircraft was decided upon immediately after the recent loss of a passenger airplane with all on board on a trip from Venice to Milan. Builders who had commented skeptically on the ambitious plans of the young aviator realized then the advantages of the multiplane system and the increased number of motors distributed in such a way that when one fails in operate, its twin on the opposite side of the plane also stops automatically in order to maintain a perfect balance.

Recent trials with smaller models have shown that even if six motors should stop at the same time the remaining three are capable of supporting and propelling the huge plane with its fullest complement of 18,000 pounds.

The body of the new plane is of the limousine type, double decked and provides comfortable accommodations for the eighty passengers for a long trip. The collapsible seats made good couches for the night. Under the limousine huge floats are attached and below these is the usual landing gear for descending on land.

Before the end of the year a regular passenger and freight service will be established from Italy to Sicily, Sardinia, and Corsica. Immediately afterwards it was proposed to extend the service to Greece, Constantinople, Paris and London with daily sailings to the latter two cities.
